Peter Cipriano, President
E.I. Associates
8 Ridgedale Avenue
Cedar Knolls, N.J.

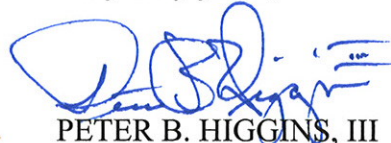

Dear Mr. Cipriano:

On behalf of the Harrison Board of Education, I would like to thank you and the staff at E.I. for the effort put forth on our recent project.

This was our first project under regulations established by the New Jersey Economic Development Authority. The Board and Administration were somewhat skeptical and concerned that the architect selected would not be a good fit with the district. All fears were for naught.

Your staff, in particular Robert Skallerup and Dominick Piccininni were thorough, efficient and extremely professional. The project to this point has progressed in a timely manner. We would welcome an opportunity to work with E.I. again in the future.

Very truly yours,

PETER B. HIGGINS, III
Secretary/School Business Admn.
